ASHEVILLE – The Asheville-Buncombe Education Coalition recently hosted family night at the Salvation Army Boys and Girls Club in West Asheville. The event was for families served by one of the coalition's 18 partner agencies. Parents chose from four workshops designed to help them support their children in school.

For greater community impact these workshops were filmed and the resulting one-hour program will run on Channel 16, the Education Channel, 11 a.m. and 8 p.m. daily Monday-Nov. 11. Copies of the DVD are also available by contacting the coalition.
